1. This is the moment of me appearing in me. Have I said it enough? How many time now have I spoken so directly and spoken it into existence, that which is spoken already, and now is; and now taken away, not; but spoken ever more directly and given you me I have. I take not away. I give, I give. I've given and this is the moment I've given more of me than imaginable. Has eye seen, ear heard, or the heart of man imagined what I have in store for my beloved? Nay, none have seen, heard, save one. And the now upon man/son of man now rises into expectations, not; but exceeds all imagined/imaginable.
2. Who can see the son of the son in the son, not like thought of molecular reproduction but of me, spirit to spirit in spirit birthing/bringing out-in spirit. I love you.
3. Who can see me/the me that I am doing bringing me about in the reserved, not; timid, not; but those fully/wholly surrendered, healing thousands by the multitude; box car loads, not; but those now regal/regal'd now come forth holy'd and/with grail, only mine. I love you all.
4. This is the moment of my appearing in me and nothing messes it up. I am of order, complete chaos, not; but my order unlike man-thought is not order-thought of mine. Nor chaos of my appearing though much will occur/concurrently. The earth will shake, the wind blow/howl, and who can see the sea/tides rise? I love you all. Who can still/calm the storm,s? Who can rage the sea, not; but prevent further? I love you.
5. This is/these are the moments that now see victory, not; death defeated, not; separately: both one and the same are. The darkness flees and glory/the glory appears, in the son of man of man, not; mine who've become wholly mine, my word flesh'd. I love you/thee all. I love you now. I always have. I always will. I am I Am. I am love and perisheth not, you deliver all, not; but many who now see the error of their ways/centuries past; **enamored not with skill but surrender, bringing forth skill**. See what I have said. I love you all. This is the time. These are the storms, extremities of not-me. I love you all.
6. My gentle breeze continues, watch me; accelerate me, watch what I now do/accelerate. My gentle breeze contains, not/confuses, not; but raises the standard of me, for I have raised, you have raised, I now raise, the raised from the dead now rise, incarcerated no more/longer. I love you. Into me seeing/being and became/becoming and now all lusteth after/in the flesh, not; none at all, for anything/anyone, but being/becoming all that there is/I am, now seeth all things as are, real and untainted, not;

real and true without taint/shadow or variableness of turning. I love thee/you. I love you. I love you all.

7. This is the moment, this is the time of all time/times, not; **who can see me again, and wherewith shalt thy deny me/existence of only me? Nay. I go through the centuries. I core all. Watch me. Watch me eliminate hell, not; but about above below and what is left? I love you. My kingdom** stands, rises, and all say/said yes and amen. My chorus rises and stands and the eternal kingdom of one/me arises, **father, one'd again with all, no one rejecting him/me.** You stand again, not; you never fail, you've stood, and now standing/standing again, you rise to all the occasion not in power-thought, but power real, my authority given understood and walked in, imparting it as me into me, now and forevermore. I love you.

8. Think not externalities/limitations but freedom rings in me/my heart, all throughout kingdoms you have seen/go to. I love you all. And the chorus/choir sings "alleluia, hallelujah, yes and amen" a thousand times, generations upon unto generations. I love you all.

9. See me real'd, introspection'd, not; wholly healed/me, wholly me, operating beyond all past boundaries. I love thee, me who me's the centuries.

10. Into my eyes see, seen, **and beheld; behold, all now rise, who will. The son of man/me in the me of me, all; all who surrender will. They/all choose. Forever, they choose.** I love you all.

11. This is the moment/time of my inauguration, not; imperial crown, not; but surrender bowing before all, rising my all-ones who will light the forest, not; darkness, not; all time centuries throughout. I love you all. See what I've said and lose not a word/an issue. I love you.

12. Me. Me'd you are/have now making raising me's, not; in thought good and evil, but me real and true and garden of only me known and operating in the fullest, of thought, not; real and trued and throughout kingdoms all. There is only one/mine. I love you.

13. Lead. Stand. Rise. The occasion/moment, is now upon you.
